

RII30820 Certificate III in Civil Construction Plant Operations

Are you working as a plant operator in the civil construction industry, participating in a broad range of jobs?

Course Overview

This qualification reflects the role of a skilled operator working in civil construction plant, who applies a broad range of skills in a varied work context, using some discretion and judgement and relevant theoretical knowledge. The individual may provide theoretical advice and support a team.

Delivery and Assessment

There are theory and practical training and assessment components to the course.

Skills will be trained and assessed through a mixture of off-the-job and on-the-job training and assessment.

You may be able to seek recognition for your previous studies or experience. Civil Train offers Recognition of Prior Learning (RPL), Recognition of Current Competency (RCC) and Credit Transfer (CT) for this qualification.

Course Duration

This program is offered as a 24-month traineeship in WA under a Contract of Training. Formal training may be completed in a shorter amount of time.

Entry Requirements

Civil Train will conduct a Foundation Skills entry assessment at a level required to successfully complete the qualification and work in the industry at the level required for this qualification. Potential clients who are identified as not meeting course entry requirements will be assisted with referral to appropriate support services.

Entrants will be required to be employed in the civil construction industry and have a Construction White Card prior to starting training on the qualification.

Contact your local super friendly consultant. They know a bucket load about training for our industry, they'll discuss training methodologies that best suit your business, and they are current with the latest government incentives that may be available to your business.

RII30820 Certificate III in Civil Construction Plant Operations

Units of Competency

TOTAL OF 20 UNITS (15 CORE PLUS 5 ELECTIVES)

Fifteen (15) core units – these are mandatory and cannot be changed

CORE	RIIBEF201E	Plan and organise work	CORE	RIICOM201E	Communicate in the workplace
CORE	RIICCM201E	Carry out measurements and calculations	CORE	RIIRIS301E	Apply risk management processes
CORE	RIICCM202E	Identify, locate and protect underground services	CORE	RIISAM201E	Handle resources and infrastructure materials and safely dispose of nontoxic materials
CORE	RIICCM203E	Read and interpret plans and job specifications	CORE	RIISAM203E	Use hand and power tools
CORE	RIICCM205F	Carry out manual excavation	CORE	RIISAM204E	Operate small plant and equipment
CORE	RIICCM206E	Support plant operations	CORE	RIIWS201E	Work safely and follow WHS policies and procedures
CORE	RIICCM207E	Spread and compact materials manually	CORE	RIIWMG203E	Drain and dewater civil construction sites
CORE	RIICCM208E	Carry out basic levelling			

Group A units

A	RIIMPO318F	Conduct civil construction skid steer loader operations ⑤	A	RIIMPO323E	Conduct civil construction dozer operations ⑤
A	RIIMPO319E	Conduct backhoe/loader operations ⑤	A	RIIMPO324F	Conduct civil construction grader operations ⑤
A	RIIMPO320F	Conduct civil construction excavator operations ⑤	A	RIIMPO325E	Conduct civil construction scraper operations ⑤
A	RIIMPO321F	Conduct civil construction wheeled front end loader operations ⑤	A	RIIMPO337E	Conduct articulated haul truck operations ⑤

Group B units

B	RIIHAN309F	Conduct telescopic materials handler operations ⑤	B	RIIMPO326E	Conduct water vehicle operations ⑤
B	RIIHAN311F	Conduct operations with integrated tool carrier ⑤	B	RIIVEH304E	Conduct tip truck operations ⑤
B	RIIMPO317F	Conduct roller operations ⑤			

Group C units

C	BSBTWK301	Use inclusive work practices	C	RIIHAN308F	Load and unload plant ⑤
C	RIICCM210E	Install trench support	C	RIIRIS201E	Conduct local risk control
C	RIICCM211E	Construct and dismantle fences and gates	C	RIIWS202E	Enter and work in confined spaces
C	RIICRC201E	Repair potholes	C	RIIWS204E	Work safely at heights
C	RIICRC208E	Lay pipes	C	RIIWS205E	Control traffic with stop-slow bat ①

You can choose up to one (1) imported unit - Some suggestions

	RIIWS302E	Implement traffic management plans ①		RIICRC303D	Lay pavers
	RIIMPO334E	Conduct skid steer loader operations using attachments ⑤			

Learners must be able to have regular and consistent on-the-job access to the tasks of the units selected.

Other electives may be offered, in accordance with the packaging rules. Please discuss with a Civil Train representative if you would like to discuss electives not identified on this course information brochure.

⑤ Customer to provide access to own machine

④ These units are available when assessed in conjunction with an industry subject matter expert who must hold the relevant vocational competency (qualifications) and at least 5 years of current work experience in the units selected.

③ Additional fee for 'plant' unit of competency where used as an import into a qualification \$900

② Non-attendance at plant training and/or assessment session for qualification learners \$900

① These units are required to be delivered in conjunction with other units to achieve traffic management accreditation with each state body.

South Australia – Work Zone Traffic Management

TERMS AND CONDITIONS
